

Essentials in Defending the Faith

7th – 12th Grades & adults

Semester 1: I Don't Have Enough Faith To Be An Atheist

Semester 2: Tactics For Answering Atheists & Skeptics & Debates

Up to 75% of our youth walk away from the Christian faith after high school. Get a 'safe vaccine' against the onslaught of disinformation by atheists and skeptics of Christianity. Evidence for the central truths of Christianity, the existence of God, the deity and resurrection of Christ, and the authority and truth of the Bible will be examined in a logical order and in a simple, engaging style. Christianity is not only more reasonable than all other belief systems but is indeed more rational than unbelief itself.

In the 2nd semester we will focus on watching debates, atheists & agnostics against Christian apologists. We will also focus on Tactics by Greg Koukl. Students will learn fantastic methods of conversing successfully with skeptics of all kinds.

- **CAUTION:** *This class may cause strong convictions, boldness, conversions to Christianity & belief in absolute truth. Students could take a firm stand against relativism, Christian-bashing, and other anti-Christian bias by professors, students, friends, and family. Use caution as Apologia Online Academy can definitely be held responsible.*
